OUR STORY

After more than 25 years in the 4×4 and motor vehicle industry, one day we saw a gap in the market to create a one-of-a-kind, customizable aluminium canopy that is easy to use for everyday activities as well as fully kitted out for overland trips, without compromising space and functionality.

Now with more than 12 years of operation, we have expanded the Bushtech product portfolio into overlanding accessories such as drawer systems, fridge slides, Suzuki Jimny gullwing doors and more. At Bushtech, we strive to constantly innovate and provide only the most functional, high-quality 4×4 and overlanding products.

As a family-run business, we take customer service seriously – and will continue to do so as we further expand into international markets. As we grow, we keep customer satisfaction at the heart of everything we do.

We're avid overlanding enthusiasts with a passion for the outdoors who understand the importance of having a product that ultimately works for you and one you can trust for years to come. We pride ourselves on offering our expertise, tips and advice on the right setup best suited for your individual needs.

OUR VALUES

PASSION

We love what we do and are passionate about doing it. This passion lends itself to our unwavering commitment to creating products that are useful now and for years to come.

CUSTOMER SERVICE

We keep customer satisfaction at the heart of everything we do - before, during and after a sale has been made. Our commitment to our customers isn't a one-time deal and that is why we offer yearly services.

QUALITY

Before we decided to dive into the canopy market, our first goal was to create a product with outstanding quality and workmanship. This has remained true over the many years and is integral to every new product we create.

INNOVATION

Innovation is vital for progress and growth, with an ever-changing automotive market, innovation is vital. From design to functionality, at Bushtech, we strive to constantly innovate to provide only the most functional, high-quality 4x4 and overlanding products.

INTEGRITY

We test a product until we are 100% satisfied. That is our integral promise to you. Integrity is important to us and that is why we would never sell a product we didn't believe in or use ourselves.

Africa's harsh and rugged landscape is home to some of the world's toughest terrains. Africa will either make you or break you.

For any outdoor enthusiast, Africa makes for the most ideal environment to test out a 4x4 setup. That is why Bushtech Aluminium Canopies and Overlanding Accessories are designed and manufactured in South Africa - putting our products to the ultimate test.

OUR CANOPIES

Living out your lifelong dream of overlanding from Cape to Cairo, easily packing the vehicle for your favourite family holiday destination, or keeping your tools protected from the harsh African elements – our aluminium canopies are perfectly suited for your lifestyle and specific needs.

BUILT IN AFRICA TO TAKE ON THE WORLD

THE BUSHTECH ALUMINIUM CANOPY

Quality Design

The Bushtech Canopy range has been designed with ultimate modularity and functionality in mind, allowing you to easily attach and detach our accessories in seconds, giving you endless configurations.

Durable

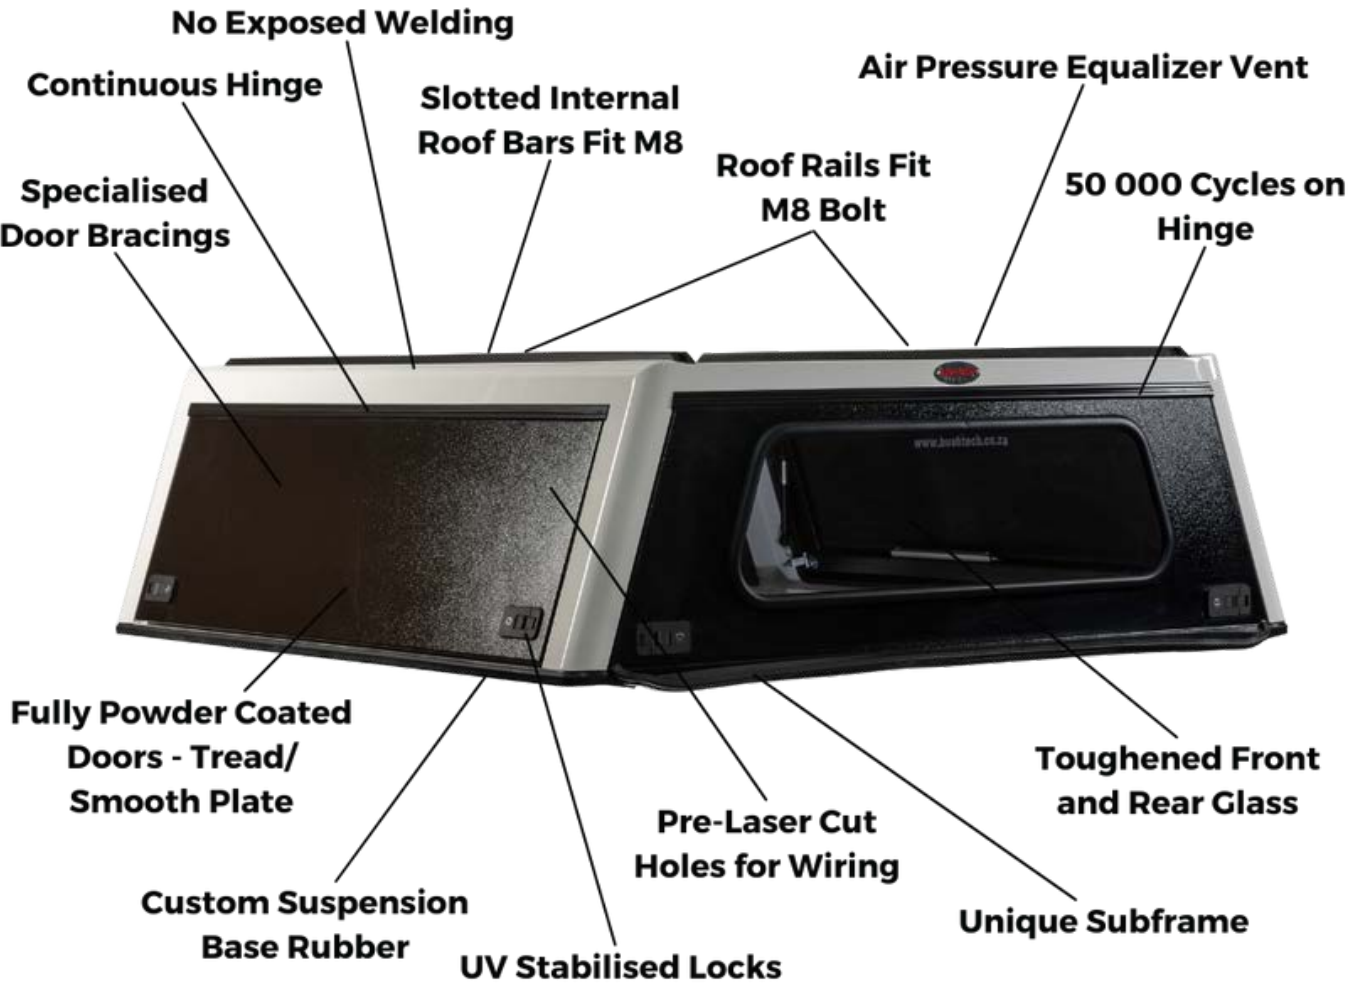

All our canopies are manufactured with custom aluminium extrusions giving them an industry-leading strength-to-weight ratio. Rooftop carrying capacity tested up to 2500kg.

Modular

Foundation to add the full range of accessories without the need to modify anything. Our accessories clip in and out in seconds.

*DOUBLE CAB

**10 YEAR WARRANTY
ON FRAME**

EVERY BUSHTECH CANOPY IS QUALITY-MADE WITH STRENGTH AND MODULARITY IN MIND

- Prolific design and finish that not only looks great but is strong too - load tested up to 2.5 tonnes.
- The specially designed reinforced frame profile comes standard with a 10-year warranty.
- Fully powder-coated frame and panels are available in multiple colours.
- The fully aluminium canopy is extremely lightweight. Double Cab Canopy weighs only 65kg.
- Free annual services come standard with your 10-year warranty.
- 2x roof rails fit an M8 bolt, enabling the mounting of roof racks, cross bars or tents etc.
- Custom internal reinforced slotted roof bars for strength and modularity, enabling the easy attachment of standard M8 bolts, eye hooks, tables and solar panels.
- Unique subframe profile enabling the mounting of false floors and slides.
- All our canopies are compatible with the full range of Bushtech Accessories.
- Continuous dustproof and waterproof hinges.
- Custom suspension base rubber accommodates chassis flex and heavy roof loads.
- Specialised door bracings mounted to the locks and shocks reduce door flex, dust ingress and provide added security.
- Large pressure lever locks with custom UV-stabilised rubbers and adjustors.

TRAY CANOPIES

Discover the perfect fusion of functionality and style with our premium Bushtech Tray and Canopy.

Designed to elevate your vehicle's capabilities and packing space while safeguarding your valuable cargo. Our tray canopy is a testament to durability, innovation, and sleek design.

BUILT IN AFRICA TO TAKE ON THE WORLD

TRAY CANOPIES

Improved Accessibility and Storage Capacity

Includes large storage boxes on either side of the Tray and an integrated trundle drawer with a stainless steel top.

Incredible Array of Accessories to Customise Your Setup

From drawer systems to dual battery systems, create the setup that works best for you.

Market Leading Strength to Weight Ratio

Rooftop carrying capacity tested up to 400kg dynamic load rating.

Designed to Take On the Toughest Overlanding Conditions

Specialised door bracings reduce door flex, dust ingress and provide added security.

TRAY CANOPY HIGHLIGHTS

Access to an additional storage compartment at the rear of the tray gives you even more room to store spares and tools, but can also be used as an additional table around camp.

Comes standard with an integrated 75L water tank with an optional water pump.

Massive door openings give you uncompromised access to your storage system, camp kitchen and fridge.

TRAY CANOPY HIGHLIGHTS

Multiple extra storage compartments keep your load bay clean and clear of wood, tools and pumps while at the same time giving you easy access to equipment often hidden behind drawer systems.

Upgrade your tray with a state-of-the-art 12V system that seamlessly integrates with your lighting, water tank, air compressors, water pumps, fridges and additional 12V accessories.

DRAWERS & SLIDERS

We understand protecting your gear is critically important that's why we have come up with smart ways to keep your gear organized, safe and easily accessible.

BUILT IN AFRICA TO TAKE ON THE WORLD

OUR DRAWERS

- Fully carpeted drawers.
- Sealed roller bearings for ultimate reliability.
- Slam shut and lockout function.
- Provisions for a water tank.
- Removable side wing panels.
- The deck is covered in a hard-wearing automotive carpet.
- Multiple accessories are available to suit your needs.
- Drawers are made from strong, lightweight aluminium.

Our drawer systems are able to be ordered in an equal (50/50 split) or an unequal (60/40 split) with the large drawer fitted on the left or right side.

OUR SLIDERS

- Lightweight aluminium construction.
- Lockout function.
- Built-in cutting board.
- Heavy-duty bearing slides.
- Can carry fridges, boxes or gear.
- Multiple accessories to choose from.

Our sliders are designed to provide easy access to your fridge or gear.

JIMNY ACCESSORIES

Enhance the functionality, accessibility, and style of your Suzuki Jimny with the Bushtech Gullwing and Jimny Accessories.

BUILT IN AFRICA TO TAKE ON THE WORLD

OUR JIMNY ACCESSORIES

Bushtech accessories for the Suzuki Jimny range from gullwings and cupboards to fridge slides and more.

The popular Bushtech Gullwing replaces the standard rear window on the Suzuki Jimny, giving you quick access to your gear via the side of your vehicle. The gullwing has been designed for on and off-road conditions.

Our Suzuki Jimny accessories also include false floors, rear door extension struts, bonnet struts, sliding windows and molley panels for the window.

Turn your Suzuki Jimny into the ultimate micro overlander.
